## EXPERIENCE

- **The Web Krew** Delhi  
*MERN Developer (Full-time)* *June 2022 - present*  
TWK is a startup which aim to revolutionize the current web space by providing phenomenal Web Experience.While working with The Web Krew, I made projects on Vue.js and React.js, learned to connect react with firebase, connecting phantom wallet and metamask to react apps and to build CMS. Also I learned the basics of Three.js and WebGL.

## PROJECTS

- **NFT Website - (ReactJS, NodeJS, Firebase ExpressJs):** This was the project build by GDSC GTBIT for Solana Hacker House 2022. We used React for the frontend and Firebase to store the required data.
- **Antas Foundation - (Vue.JS, Node.JS, Express.JS, MongoDB, RazorPay) :** Build a webapp for a NGO over MEVN stack and CMS. There is RazorPay integration in the webapp so that people could donate to Antas Foundation.
- **IEEE GTBIT :** This is the official website of IEEE, GTBIT. The stack we used for this was MEVN, Markdown, HTML, CSS, and JS. This is a headless website, and we have connected the front end with the back end with Axios.
- **Satyug -(NextJS, ContextAPI) :** Build a React app based on Sprituality, Meditation, Religion and Yoga with metamask wallet integration..
- **The Web Krew - (React.JS, Email.JS) :** Build a website for The Web Krew over react and juse email.js for mailing system. For home page, I used Vantajs for the halo.
